The government of Italy, a European Union Member State, is blatantly disregarding the values and principles of the Union as enshrined in Article 6 of the treaty establishing the European Union.

The Prefects of Rome, Naples and Milan have received above the law powers that they use against Roma in Italy.

The police and carabinieri are conducting arbitrary detentions and hand out expulsion orders to EU Citizens, constant surveillance and harassment is order of the day and night in Roma camps in Italy.

The Berlusconi regime is making provisions for anti-Roma laws in the spirit and agenda of the Nazi regime in the 1930's.

High level politicians are fuelling racism through public anti-Romani speech and criminalization.
