

Meeting of the individual members of the European Left

WEDNESDAY 24 NOVEMBER 2010 AT 19.00

EL office, Rue du Parnasse 30, 1050 Bruxelles

The 3rd EL Congress will take place from 3-5 December 2010 in Paris.

The "Agenda for a Social Europe" is our main political document for the Congress.

Next to it delegates from the Congress will present motions, declarations etc. but that will be done just shortly before the Congress or even during the Congress where they will be debated.

There is also the proposal of the individual membership circle of Brussels. It was sent around to the mailing list some time ago and got only positive feedback from other individual members, so it was submitted to the relevant statute commission, circulating to all delegates and parties etc. Of course that proposal is a challenging one but there must be a discussion about it at the Congress.

This meeting before the Congress is to discuss the political developments and the issues that are at stake and to try to give some inputs to those who are going.
